## **E-Portfolio Phase 2 Apps for HKCEM**

### **Capture attendance by QR code**

To further enhance the online services for EM event, College has developed a mobile application for capturing attendance – HKCEM App. Fellows and Trainees may download the App in Apple's App Store and Google's Play in early June and install it in your smartphone with operating system in iOS (8.0 or above) or Android (4.3 or above). We have started testing the system held by the Colleges at the EM department for pilot run in June. Fellows and Trainees can either use the App to scan the QR code of the event or use your new Fellowship Card (with QR code) to capture attendance via the iPad/tablet device provided by organisers.

**Roadshow will be arranged to all A&E Departments from June to July 2018.**
