Our fellows and trainees were actively involved in the Annual Conference of Taiwan Society of EM in Jun 2019

Dr Axel SIU Sharing in HK-Taiwan Exchange Forum

Summary of the endorsed revision in the CME guideline 2020-22

There are major changes in CME/CPD guideline 2020/2022.

Q1. CME/CPD counted as passive or non-passive?

(Currently) According to nature of activities
(all activities except FCAA cat 1 are non-passive)

(New) According to level of participation
(all activities will have passive/non passive)

Q2. How is CME/CPD counted if it's not full day?

(Currently) Half day capped at 3 points

(New) According to number of actual hours (max 6 for 1 day)

Q3. Maximum points for single event or teaching recurrent alike courses?

(Currently) No regulation

(New) Capped at 12 passive +12 non-passive for single event/course;
Capped at 24 points for teaching alike courses in each CMECPD cycle

Q4. Any points accredited for poster presentation?

(Currently) No CME points

(New) Appropriate CME points will be given

Q5. Any change in intra-category variability in max points capped in 1 cycle?

(Currently) Significant variability exists

(New) Max points capped for some categories will be adjusted to minimize variability (e.g. increased points capped for undergrad/postgrad teaching)

Q6. How to categorize type of CME/CPD for an activity?

(Currently) Ambiguity exists for some training events

(New) Mainly based on actual nature rather than title of activities
