Introduction

The examination is targeted to assess the clinical maturity of trainee up to the standard of an emergency medicine specialist who can work independently to provide quality and safe emergency care.

The EEEM consists of two parts, Objective Structured Short Answer Question (OSSAQ) and Oral examination.

Scope of Examination

1. The examination will assess clinical care and management of patients relevant to the practice of emergency medicine.
2. The examination will examine on the management of an emergency department.
3. The examination reflects the **Content of Learning** which can be found on the College website.
4. The standard of the examination will be set at the level of expertise of specialist in emergency medicine who can work independently.

Format

1. The Objective Structured Short Answer Question (OSSAQ):
Candidate must obtain sufficient marks in order to proceed to the Oral Examination.
2. The Oral Examination (Oral) includes the examination of and not limited to, resuscitation, critical care, medical emergency, surgical emergency, **portfolio presentation*** and the management of emergency department.

* revised

Improper conduct of examination candidates

1. Candidates who are found to have improper conduct during an examination may be refused entry to the current or future examinations.

Improper conducts include:

- Dishonestly obtaining or attempting to obtain entry to the examination by making false statements, using falsified documents, false claims about training experience, qualifications or eligibility for the examination.
 - Obtaining or seeking to obtain unfair advantage during an examination, or inciting other candidate to do the same. Examples include:
 - Having on the person any material that would give advantage in an examination once the examination has commenced by any means including electronic devices.
 - Communicating or attempting to communicate with another person (another candidate or third party) once the examination has commenced, including passing information about the contents of any part of the examination to candidates in the same diet.
 - Refusing to follow the instruction given by the examiners or examination staff concerning the conduct of and procedure for the examination.
 - Removing or attempting to remove from the examination any confidential material relating to the conduct of the examination.
 - Obtaining or attempting to obtain confidential information concerning the examination from an examiner or examination official.
 - Passing confidential information on the content of the examination to a third party.
2. The list of improper conducts is not exhaustive and the College reserves the right to investigate and judge any potential case of improper conduct or behaviour during examination.
 3. Candidates may not be allowed to proceed further or be disqualified from the examination in case of serious misconduct after investigation by the College

Infection Control

1. Subject to the prevalent global or local infection epidemic/endemic situation, candidates are required to declare their health status prior to the Examination.
2. Temperature measurement will be arranged as required.
3. Candidates who are confirmed of having infectious disease that may induce risk to examiners, other candidates and patient subjects will not be allowed to the Examination and will be deferred to the next diet.
4. Appropriate infection control measures including hand hygiene, wearing of face masks and gloves will be required as necessary.
5. The Chief Examiner or his deputy would exercise the authority to implement the essential precautionary actions.
