### Scientific talk on Vegetarianism and Sports cum Virtual Run Competition Prize Presentation Ceremony - Co-organized by HKCEM Sports Medicine Subcommittee and Sports Team

**HONG KONG COLLEGE OF EMERGENCY MEDICINE**  
**HKCEM**

**Scientific talk on Vegetarianism and Sports cum Virtual Run Competition Prize Presentation Ceremony**  
 Jointly organised by the HKCEM Sports Team and the Sports Medicine Subcommittee

**"Do you want to be a game changer?"**  
**Protein gives you strength. But who said you needed meat to be strong?**

Even the fiercest Roman gladiators- archaeological examinations of their bony remains suggested that they were mostly vegetarians!  
 Their diets were grain-based and mostly meat-free.

Not to mention the Shaolin monks who are strict vegetarians as well!  
 To improve your sports performance, a plant-based diet could be the ultimate answer.

So Energetic sportsmen and sportswomen, we would like to invite you to join this unique lecture delivered by three top experts in this field who would take you through the fascinating facts about plant-based diet and sports performance.

A prize presentation ceremony for the virtual run competition will be held after the talk.
