Hong Kong College of Emergency Medicine (HKCEM) Primary Examination in Emergency Medicine (PEEM) Examination Notice

Refund Policy

1. Applicants withdrawing from the PEEM must apply in prior writing to the Hong Kong College of Emergency Medicine. Candidates may be asked to provide evidence for their reason for withdrawal.
2. Withdrawal prior to the closing date of the relevant examination application: 10% of the application fee as administrative charge will be levied.
3. No refund will normally be made to candidates who withdraw from the examination after the closing date or fail to attend for any reason. No allowance will be made for postal or other delays.
4. Applicants who have submitted their applications but subsequently found to be not eligible to sit for the examination will have their fee refunded after 10% of the examination fee has been levied as administrative charge.

Results

1. The passing mark will be decided by a panel of expert examiners with scientific method of standard setting for each diet.
2. Candidates will be informed of the results by post normally within 4 weeks after the examination

Appeal

1. Appeal is defined by a request made by candidate to revise the decision of the result of the examination. Feedback is defined as a complaint or suggestion to the examination without the request to change the result.
2. Candidates who wish to appeal or provide feedback about the process of the examination must do so in writing within 30 days of the examination. The submission must state the details of reason or argument.
3. Appeals will be considered if they allege misadministration, bias or impropriety whether in the conduct or in the determination of the result of the examination. All the feedback will be seriously reviewed by the education committee. However, anonymous complaints will generally not be considered.
4. Appeals disputing the academic judgment of the examiners will not be considered.
5. A non-refundable administrative fee of 10% of the application fee would be levied for the appeal request. No fee will be applied to feedback.
6. Examination candidates who make complaint or appeal in good faith will not be disadvantaged in the current and future examinations.
7. The Education Committee or an appropriate committee as decided by the Hong Kong College of Emergency Medicine will review the complaint, assemble preliminary evidence, request statements from relevant parties and conduct appropriate investigation on the issue.
8. Candidates will be notified about the appeal result in writing.

Re-sit of examination

There is no limit on the number of attempts on PEEM

Hong Kong College of Emergency Medicine (HKCEM) Primary Examination in Emergency Medicine (PEEM) Examination Notice

Improper conduct of examination candidates

1. Candidates who are found to have improper conduct during an examination may be refused entry to the current or future examinations.
2. Improper conducts include:
 1. Dishonestly obtaining or attempting to obtain entry to the examination by making false statements, using falsified documents, false claims about training experience, qualifications or eligibility for the examination.
 2. Obtaining or seeking to obtain unfair advantage during an examination, or inciting other candidate to do the same. Examples include:
 - Having on the person any material that would give advantage in an examination once the examination has commenced by any means including electronic devices.
 - Communicating or attempting to communicate with another person (another candidate or third party) once the examination has commenced, including passing information about the contents of any part of the examination to candidates in the same diet.
 - Refusing to follow the instruction given by the examiners or examination staff concerning the conduct of and procedure for the examination.
 3. Removing or attempting to remove from the examination any confidential material relating to the conduct of the examination.
 4. Obtaining or attempting to obtain confidential information concerning the examination from an examiner or examination official.
 5. Passing confidential information on the content of the examination to a third party.
3. The list of improper conduct is not exhaustive and the College reserves the right to investigate and judge any potential case of improper conduct or behaviour during the examination.
4. Candidates may be disqualified from the examination in case of serious misconduct after investigation by the College.

Equal opportunities

1. Hong Kong College of Emergency Medicine is committed to make every effort to provide an environment to candidates that is free from discrimination.
2. It is the policy of the College that no candidate receives less favourable treatment than other on the ground of race, sex, age, sexual orientation, marital or family status, ethnic origin, colour, region, political belief, disability or social class.
3. Candidates who experience any discrimination or unequal treatment may appeal in writing to the College.

Infection Control

1. Subject to the prevalent global or local infection epidemic/endemic situation, candidates are required to declare their health status prior to the Examination.
2. Temperature measurement will also be arranged as required.
3. Candidates who are confirmed of having infectious disease that may induce risk to examiners and other candidates will not be allowed to the Examination.
4. Appropriate infection control measures including hand hygiene, wearing of face masks and gloves will be required as necessary.
5. The Chief Examiner or the deputy would exercise the authority to implement the essential precautionary actions.
