Dr. Wing Yee WU

President

Hong Kong College of Emergency Medicine

Dear Dr. WU,

Re: 15th Congress of Asian Society of Cardiovascular Imaging – ASCI 2022, Hong Kong

On behalf of the Local Organizing Committee of the 15th Congress of Asian Society of Cardiovascular Imaging (ASCI 2022, Hong Kong), we are pleased to invite your support for the captioned Congress.

The Asian Society of Cardiovascular Imaging (ASCI) was established on April 29, 2006 with the aim to advance the science and art of cardiovascular imaging through an educational non-profit organisation in Asia. ASCI is a major annual cardio-vascular imaging congress in Asia. It is our great pleasure to announce that the Hong Kong College of Radiologists and Hong Kong College of Cardiology will join hands to co-organise the **15th Congress of Asian Society of Cardiovascular Imaging in HYBRID format on 24-26 June 2022** in Hong Kong SAR, China. For the 2022 Hybrid Congress, a new programme will be developed by our scientific committee members, aiming to provide a comprehensive scientific programme for all physical and virtual participants interested in cardiovascular imaging from various training backgrounds. With the theme **“Cardiac Imaging beyond the Images”**, ASCI 2022 will share an insight into the cutting-edge technologies and latest research in cardiovascular imaging. The content consists of scientific symposia, keynote lectures, free paper presentations, hands-on workshops, scientific exhibits and technical exhibition, which is specially designed to cater for both physical and virtual participation. Distinguished international and local speakers will cover a variety of topics in cardiac and vascular imaging to share their expertise. We would also provide financial support to young investigators to join the meeting and present their works.

With the strong commitment to education and development of Radiology that Hong Kong College of Emergency Medicine has consistently demonstrated over the years, we are confident that you will find the ASCI 2022 a valuable opportunity for educational updates. We would like to take this opportunity to invite you and all members/colleagues from Hong Kong College of Emergency Medicine to join the Congress. Your active participation will make the Congress an essential part of the advancement of Asian cardio-vascular imaging expertise.
